t to the  
as a re-

... today  
... child might play.  
I bought them in your memory  
Because of all you did for me.

I sent a check to provide food  
For little children, meek and good,  
Because once when I, too, was small  
You never failed to heed my call.

I think it's better far to try  
A little orphan's tears to dry,  
Than to place flowers on a tomb  
Which speaks of sorrow and of gloom.

And so on Decoration Day I give  
To help a little one to live,  
And anything which I may do  
Is done in memory of you.

by Mary Ellen Stelling.

*In Sympathy*

Mrs. Mary Ellen (Peter J.) Stelling is one of our long-time friends who has sent contributions in memory of her father since 1942. She has also sent gifts to our Society when she would sell one of her poems! We have her permission to use this poem.

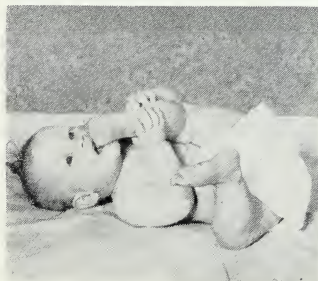

# 1954

## SERVICE REPORT

---

- 990** children received care and service
  - 178** new adoption placements were made
  - 168** children had their legal adoption completed
  - 233** children received temporary care in the Society's Receiving Homes
  - 251** children, mostly infants and very young children, received foster boarding home care, for pre-adoptive study
- 

- 4,398** visits were made by the casework staff to supervise children in boarding homes, adoptive homes, receiving homes, in hospitals and elsewhere
  - 1,780** medical visits were made with children to doctor's offices, hospitals and clinics
- 

*Childrens Photo courtesy of  
Harold M. Lambert*

- 217** applications for adoption were on file at the beginning of the year
- 422** couples were interviewed as prospective adoptive parents
- 261** adoptive home studies were made
- 1,848** home finding interviews were held (total)

# Report of President for 1954

FONTAINE LEMAISTRE  
*President*

1954 was another year of progress for The Children's Home Society of Florida. Much credit is due our fine caseworkers, who cheerfully assumed a heavier work-load when several casework positions became vacant. As a matter of fact, all staff members assumed additional tasks, making possible the splendid record of services of every sort shown in the statistical report. (See page one.)

There are scores of interesting things I would like to tell you about the accomplishments of our great organization. Its very geographic proportions are tremendous, covering this vast state, all of its 67 counties, and the 800 miles from Key West to Pensacola. Space, however, limits me to making just a few comments.

Not only do we serve all Florida, but all Florida gives us a truly popular and broadbase support. We receive no appropriations of public monies but have increasingly won the backing of Community Chests in the state. However, our major source of funds remains the many thousands of generous citizens in every part of Florida. Contributions vary from single dollars generously spared from retirement pensions to substantial bequests of many thousands of dollars.

In addition to cash contributions, professional people, particularly doctors, dentists, psychologists and attorneys, make their skills available without cost. For instance, just a few months ago a St. Petersburg surgeon performed a delicate brain operation on one of our infants. Although hospital and related expenses cost us about \$1,000.00, the surgeon made no charge.

We are particularly proud of the extensive backing we have from hundreds of Sponsors and Board and Committee members all over the state. Probably no other statewide children's agency in the country is more fortunate in the number and devotion of its citizen backers.

Now, just two selected points about services. (1) The Miami Division in 1954 completed an evaluation of its program and determined to devote increased attention to helping unmarried mothers. These women, often young girls, in their desperate search for help sometimes become the victims of unscrupulous black market operators. The Southeastern Division became convinced that these young mothers can be helped back on the road toward good citizenship while at the same time their babies can be saved from the black market and placed for adoption through the Children's Home Society.

(2) In accordance with a long-range plan developed by the staff and Board, a great deal of effort has gone into reducing the average age at which adoptive placements are made. A study of the results is being made. Meanwhile I can assure you that our *increased number of adoptions* is accompanied by a decrease in the *lapse of time* until placement.

## OUR NEW EXECUTIVE DIRECTOR

I want to take this opportunity to introduce to you Mr. Walter R. Sherman, our new Executive Director. Mr. Sherman is from Pittsburgh, Pa., and was appointed Executive Director of the Society on January 15, 1955, the unanimous

choice of our Board of Directors. He is highly qualified to give strong leadership to the social services of the Society as well as to its business affairs.

Mr. and Mrs. Sherman were New Englanders, coming originally from Connecticut and Massachusetts. They have three children: Cynthia is in High School, Belle in grade school, and Roger in kindergarten.

For the past ten years Mr. Sherman has been associated with social agencies in Pittsburgh. He comes from the position of Western Area Director of the Pennsylvania Citizens Association for Health and Welfare. During the last session of the Pennsylvania Legislature this Association successfully sponsored a modernization of that state's adoption laws.

Earlier Mr. Sherman reorganized the industrial and social service departments of the Pittsburgh Association for the Blind, while serving as Executive Director. That Association employed over 100 blind people and manufactured blind-made products, the volume exceeding three quarters of a million dollars annually. Mr. Sherman's earlier experience included casework and supervision in several child placing and adoption agencies.

He received his professional training at Clark University in Massachusetts where he majored in Psychology, and at the Western Reserve School of Applied Social Sciences at Cleveland, where he received a Master's Degree in the Social Sciences with specialization in Child Welfare.

The Children's Home Society is a dynamic growing organization, continuously reviewing and improving its methods of operation. This flexibility, together with the confidence of the contributing public, all firmly based on a half-century's sound tradition, assures us a bright future. And to us a bright future means more and better services to children.

FONTAINE LeMAISTRE,  
President

Memo to: The Friends of the Children's Home Society of Florida  
From: Walter R. Sherman, Executive Director

WALTER R. SHERMAN  
*Executive Director*

Greetings:

I take this opportunity to say hello to you and hope that we may soon talk personally. Whatever our particular association with the Children's Home Society of Florida, each of us is working to help unfortunate children and to give them a good foundation for building a useful and happy life.

If there is one thought above all others that I might convey to you at the beginning of my service, it is the utmost importance of the part played by the thousands of men and women like yourself, everywhere in the state who are interested in this Society and its work. The employed staff could accomplish little except for your interest, guidance and support.

Any suggestions you make are welcome; any question you ask will be answered as frankly as I know how. This Society belongs to the people of Florida and I hope you will act accordingly.

Many of you already have been in touch with me in person, by phone and by mail. I am looking forward to hearing from hundreds more. Our common interest in children is the only introduction needed.

# *What the Children's Home Society Is and Does*

THE CHILDREN'S HOME SOCIETY of Florida is the only private, non-sectarian agency in the State providing care and adoption service for children on a statewide basis. In many counties our Society is the only voluntary charitable agency for children.

The Society was incorporated as a non-profit charitable organization under the laws of the State of Florida November 17, 1902. It is an accredited member of the Child Welfare League of America, the national standard-setting organization in this field. It is approved and licensed annually by the Florida State Department of Public Welfare. It is a member of thirteen Community Chests in the State, and its work is carefully reviewed and specifically approved by the larger Chests.

The function of the Society is two-fold: (a) adoption work and (b) temporary care for children in need of help while their own family situations are being adjusted or some suitable permanent plan is being worked out for them. We endeavor to provide for each child the particular care he needs and to find just the right home for every child who comes to us for adoption.

The management of the Children's Home Society is vested in a State Board of Directors (not to exceed 115 members), which includes ten members from each of the Divisions, in addition to members from the State at large. Each Division has its own Board, which controls Division operations within the provisions of the State By-laws. The three Divisions having receiving homes (Northeastern, Western and Southwestern—otherwise known as the Rose Keller Branch) also have Woman's Advisory Boards to aid the receiving homes in various ways and to enlist the interest and support of the community in the work of the Society. Each Division has a Staff of Physicians, which includes dentists and specialists in many lines who give generously of their time and skill that the Society's children may have the benefit of expert medical and dental care.

Our staff, working under the Executive Director, carries out the policies adopted by the Board. The casework and administrative personnel are well qualified for their positions and bring to the Society that warmth of understanding and sincerity of purpose greatly needed in work of this nature. The personal qualifications of the matrons and cottage parents are considered of the utmost importance as they spend so much time with the children. We believe we have succeeded in filling these positions with people who exert a fine and constructive influence on the children. Foster boarding parents, who care for the majority of our infants and nursery tots, are also selected with the greatest of care. In addition, their homes are approved and licensed by the State Department of Public Welfare.

One of the advantages of the Society's adoption service is its state-wide nature, making available houses as homes all over the state. This results in a wider and better selection of families for our children.

Our Society, like other licensed child-placing agencies, offers many safeguards in adoption. The children coming to us for adoption have been permanently committed to the Society by a court of competent jurisdiction. The natural parents surrender all claim to the children and do not know where or with whom they are placed. This careful attention to all legal and social requirements **SAFEGUARDS THE CHILD:**

From unnecessary separation from parents who might give him a good home and loving care, if sufficient help and guidance were available;

From adoption by people unfit to have the responsibility for loving, rearing, and training a child;

From interference long after the child has been happily established in his adoptive home by natural parents who may have some legal claim because of defects in the adoption procedure;

#### **SAFEGUARDS THE NATURAL PARENTS:**

From hurried decisions to give up a child, made under special strain and anxiety;

#### **SAFEGUARDS THE ADOPTING PARENTS:**

From taking responsibility for children about whose heredity or physical or mental capacity they know nothing;

From later disturbance of their relationship to the child by natural parents whose legal rights have not been fully protected.

► *As a private social agency, the Society is largely dependent for support upon voluntary contributions made directly by individuals, civic clubs and other organizations, Community Chests in some localities, and bequests from the wills of our friends who have passed on. Partial payment of board for children by Welfare Boards, Juvenile Courts and relatives accounts for only a very small percentage of our income. We are grateful to the many fine friends who have supported our work through the years.*

## FRANK D. BISBEE

*An Appreciation*

by MARCUS C. FAGG

*State Superintendent  
Emeritus and Consultant*

I COUNT IT A DISTINCT PRIVILEGE AND HONOR to be asked to tell something of the indefatigable, invaluable and ever-ready services of my good friend, Frank D. Bisbee, to the homeless and needy childhood of Florida through "Florida's Greatest Charity", the Children's Home Society of Florida, through many years.

In all of my forty-one years as State Superintendent of the Home Society, I can recall no one anywhere in the entire state who more willingly, more continuously or more effectively has served the Society and its needy children.

Frank Bisbee has served as First Vice President of the State Board of Directors, as President of the Northeastern Division of the Society for several years, on every important committee, including the Statewide Executive Committee, Northeastern Division Executive Committee, Building Group Committee, Budget Committee, and many others. Frank is now one of the real mainstays of the Home Society. I hope he will be for years to come.

In addition to the outstanding services that Frank Bisbee has rendered in behalf of the Children's Home Society, he has been active in every worthwhile civic project in Duval County, has been Vice President of the Community Chest, President for several years of the Traveler's Aid Society of Jacksonville, and others.

It would consume too much space for me to tell of Frank Bisbee's loyal friendship for the writer through the years, and of his endless and helpful courtesies to the entire Fagg family, for which we shall always be deeply grateful.

God bless you and yours, Frank. You *deserve the best*.

# EVENTS OF THE YEAR

1954 HAS BEEN ANOTHER YEAR of progress for the Children's Home Society of Florida. We have continued the effort to strengthen our services to children and improve the quality of our adoptive placements. We point with pardonable pride at the high percentage of adoptive placements that are successful. During recent years the cases are few and far between where a child has been returned to the Society because the placement has not worked out favorably.

This year saw a number of changes for our Society. In Miami, as a result of an independent survey initiated by our Southeastern Division Board of Directors, the Division's Receiving Home and infant nursery were closed and an improved system of foster boarding care adopted.

The demand for our services in the St. Petersburg area was so great that additional money had to be appropriated so we could take care of more babies. We are making every effort to obtain additional caseworkers there and

elsewhere as shortage of staff has been a source of much difficulty.

In August 1954 we closed our Orlando office. Experience over the seven-year period during which a branch office was maintained in this area has brought the conclusion that the work can be handled with less expense from the Jacksonville office, with no lessening of efficiency. The Central Florida Division Board and Woman's Advisory Board were dissolved but the six counties retain adequate representation on the State Board of Directors.

## *New Associate Director For Casework*

Miss Cornelia Wallace, who for a year and a half was Supervisor of Casework for our Southeastern Division, took over the duties of Associate Director for Casework for our state office February 1, 1954. As such she is in immediate charge of all services relating to the care, placement and adoption of children. Miss Wallace is a graduate of Agnes Scott College and holds her Master's degree from the Tulane University School of Social Work, New Orleans.

The Society is proud to report that in January 1955 Miss Wallace was honored with a citation from the Atlanta Social Workers Club (of which she is a former President) "IN RECOGNITION OF OUTSTANDING LEADERSHIP AND ACHIEVEMENT IN SERVING THE NEEDS OF OUR COMMUNITY." In Atlanta Miss Wallace was Supervisor of the Child Service Association and of Hillside Cottages and was previously Supervisor with the Fulton County Department of Public Welfare, a member of the YWCA Advisory Committee to plan recreation for servicemen, and took a leading part

## *Our thanks*

*to all friends of our Society. . . . To those who have contributed cash or food or clothing, to those who have contributed service of various kinds, to all who have had the interest of our work at heart and have contributed in any way to the health and welfare of our children, we express our sincere appreciation. As Charles Dickens said:*

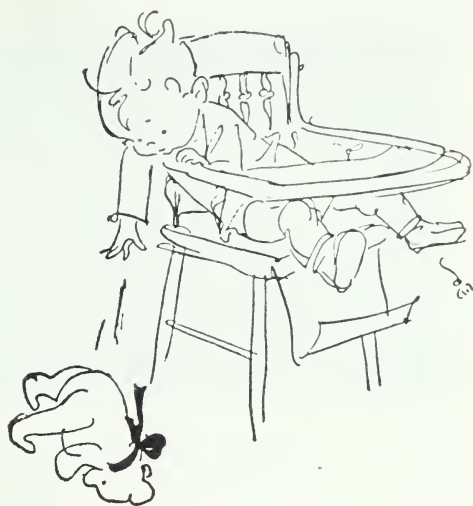

*"No one is useless in this world who lightens the burden of anyone else."*

in planning for day nursery and foster day care for children. Later she acted as Director of Casework at Connie Maxwell Children's Home, Greenwood, S. C. and as Executive Director of the Children's Center of Greenville, S. C.

### *Sponsoring Committees*

In most of the counties of the state there are groups of local citizens whose purpose it is to promote the interests of the Children's Home Society of Florida. Some of these groups, known as Sponsoring Committees, were organized as early as 1937. They are the Society's public relations contacts in their respective communities. Members of the State Board throughout the State are also members of these Committees. Because of lack of funds and personnel to make the contacts, the Society has been unable to do much active work with these committees for some years. Nevertheless, quite a few have retained their interest and enthusiasm and continue to actively support the work of the Society. The committees that have continued to function on their own deserve hearty commendation.

Several of these committees have sewing groups whose special project is making new garments for our children. (See page 40.) Other committees hold silver teas or put on various projects to raise money for the Society. Some work through their civic clubs or other organizations, having a special "Children's Home Society Day." One civic

club holds an annual "Soup Day" and the money usually spent for their luncheon comes to our Society. One downstate civic club has for years put on an auction for the benefit of our children. This event has become very popular and nets some \$500 annually for our Society. A few committees hold drives for funds, and others have showers of canned goods and other foodstuffs. This continuing citizen interest in all parts of the state is of inestimable value to the Society, and is one of the distinguishing features of our organization. We hope to devote more staff time in the coming year to encouraging the sponsoring committee idea.

## **Our Children Are Not All Babies:**

There are, of course, many children who for one reason or another have had to remain with our Society over quite a period of time, some of them practically growing up in the Home. Several of our older boys have gone into the service, and have made good records for themselves. When they come back to the Home for Christmas they have very animated conversations as to which branch of the service is the best. . . . Some of our boys and girls have gone on with higher education after leaving High School. We are particularly proud of one of our boys, who will soon receive his Master's degree from a State University.

# FINANCIAL REPORT

Each year we prepare a budget for the succeeding year. First detailed estimates of anticipated income and expenses are prepared, based on present and past experience and anticipated needs. A great deal of careful thought goes into this financial planning. After our staff has assembled the figures and they have been checked and rechecked by the Executive Director, they are referred to the Budget Committee of the Board of Directors for further careful scrutiny. When the Budget Committee is satisfied that every dollar we receive is properly allocated, its findings are presented to the State Board of Directors for final approval.

In this way we give ourselves and our contributors the satisfaction of knowing that we are providing the best possible care to the largest number of children, thus obtaining the maximum use of our income, knowing always that there are more children to serve in this rapidly growing state than our means will permit.

We are presenting below a brief consolidated statement of all operating funds—all Divisions included. Those interested in more detail may have it upon request.

## CONSOLIDATED STATEMENT OF OPERATING INCOME AND EXPENSE OF THE CHILDREN'S HOME SOCIETY OF FLORIDA, INCLUDING ALL DIVISIONS

GENERAL FUND (1) NORTH-EASTERN DIVISION, HENRY TRAINING SCHOOL FUND (2) CENTRAL FLORIDA DIVISION (3) ROSE KELLER DIVISION								January 1, 1954 through December 31, 1954	
	General Fund (1)	Northeastern Division	Henry Training School Fund (2)	Central Florida Division (3)	Rose Keller Division	Western Division	Southwestern Division	Total	
Total Income .....	\$170,504.77	\$ 95,366.75	\$ 3,642.05	\$ 4,965.55	\$26,922.95	\$28,623.80	\$73,231.65	\$403,257.52	
Total Expense .....	142,167.89	104,619.59	2,584.48	4,673.81	23,137.63	34,175.38	73,231.65	384,590.43

Provision for depreciation .....	24,904.23							24,904.23	
Net Income (or Loss) for year .....	3,432.65	(9,252.84)	1,057.57	291.74				(6,237.14)	

(All accounts audited by Certified Public Accountants)

- NOTES: (1) The General Fund covers expenses not covered by any of the Divisions of the Society.  
 NOTES: (2) The Henry Training School Fund is a special Trust Fund, the income of which is used for the higher education and special training of our older boys and girls.  
 (3) After the closing of this Division August 31, 1954 (see page 8) such expenses were carried as a part of the "General Fund."

WM. H. ROGERS  
Treasurer

# GULF COAST AREA

BRANCH OFFICE:

315 EMPIRE BUILDING • TELEPHONE: 7-2433  
3RD AND CENTRAL AVENUE  
ST. PETERSBURG, FLORIDA

MRS. ELIZABETH T. MUNROE, *Division Superintendent*

---

## DIRECT SERVICES TO CHILDREN GULF COAST AREA—1954

- 60 cases of children or expectant mothers referred for assistance.
  - 42 children cared for in boarding homes.
  - 39 children placed in adoptive homes.
  - 24 children supervised in adoptive homes.
- 

THE ST. PETERSBURG OFFICE serves the area on the lower west coast of Florida. It is closely integrated with the headquarters office in Jacksonville, since this area is not organized as a Division. There are four State Board members in this part of the State: Dr. H. C. Bumpous, Mrs. John E. Brooks and Al Lang of St. Petersburg, and John K. Woolslair of Fort Myers. Dr. Bumpous is also Chairman of the Pinellas County Sponsoring Committee for our Society. Board members, sponsors and other interested persons have been most helpful to our work here. We have worked closely with the Salvation Army Home in Tampa and the Florence Crittenton Home in St. Petersburg. One of our new Board members, Mrs. John E. Brooks, is also on the Board of the Florence Crittenton Home.

Several pediatricians are giving generously of their time and skills to serve our children. Doctors C. C. Rudolph, E. L. Cole, Jr., John H. Cordes, Jr., Allyn B. Giffin, Daniel F. H. Murphey of St. Petersburg and Dr. J. T. Cowart of Tampa have been most helpful. 101 physical examinations were given our children during 1954. Special mention should be made of Dr. Benjamin H. Sullivan, neurosurgeon, who rendered an outstanding service for one of our little ones who was in need of delicate brain surgery.

The State Board has recognized the need for increasing our social work staff to take care of the great demand for expanded services in the Gulf Coast area, and is taking steps to meet this need.

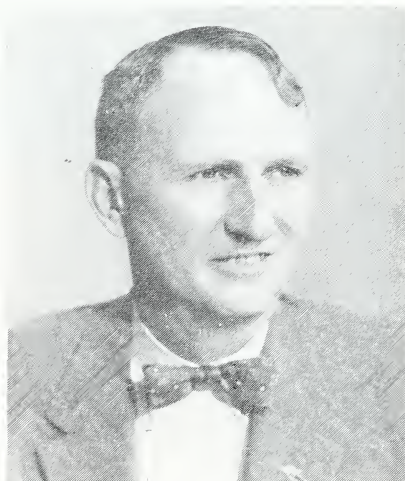

# SOUTHEASTERN DIVISION

OFFICE:

127 N. W. 2ND STREET • TELEPHONE: 3-8369 • MIAMI, FLORIDA

Mrs. MYRTLE L. DUCKWORTH, *Executive Director*

Total number of children served by Division during 1954: 265

*Statement by*  
RAY M. EARNEST  
*President, Southeastern Division*

1954 has been a year of real progress in the Southeastern Division. A self-survey, made under the direction of a former staff member of the U. S. Children's Bureau, resulted in a decision to close our Receiving Home and Infant Nursery. Other improvements in agency procedure have also resulted from the survey recommendations, most of which we believe have been most valuable in the re-appraisal and the development of our activities. All children now receive temporary care in foster boarding homes. A registered

nurse, trained in pediatrics, supervises the health of children awaiting permanent placement.

The casework staff has continued to concentrate upon two important areas of service: (a) work with both married and unmarried parents around their plans for adoption; (b) placement and supervision of children in adoptive homes. In addition to the placement of 53 children from the Southeastern area, this Division accepted 24 children from other sections of the state, making a total of 79 adoptive placements made during 1954. A substantial number of these children presented health or behavior problems whose needs could not be met in the average adoptive home. Several family groups of three children were placed together in homes in this area.

The problem of independent placement in this Division has reached alarming proportions. Existing legislation relating to adoption procedure has handicapped all accredited agencies in giving service to unmarried mothers. The Southeastern Division has, in recent years, been providing financial assistance to these mothers in a limited way. A special fund of \$2500 has been made available for the current year, as a means of protecting destitute mothers from exploitation in the black market.

During the past year our Division Superintendent, Mrs. Catherine Argo, retired because of ill health. Mrs. Myrtle Louise Duckworth

was engaged as the new Director and she is doing an excellent job in correlating the activities of this Division. Mrs. Duckworth has had many years of training and experience in social work, and we are delighted with the manner in which she has assumed responsibility for the activities of our Division. Standing Committees are being rejuvenated and several new committees have been organized. An active Case Committee, meeting monthly, is becoming well informed about the various aspects of adoption service.

The Division budget totaled \$73,231.65 for 1954, of which \$65,935 was provided by the Dade County Community Chest, \$5,000 by the Fort Lauderdale Community Chest, and \$490 by the Key West Community Chest.

I feel that our Society is doing an excellent job in the community, but needs to expand its program of service with the unwed mothers, because in this manner we can reduce the black market activity that has brought adverse publicity to this area on a local and national level, even to the extent of Congressional investigation.

# ROSE KELLER BRANCH

(Southwestern Division)

ROSE KELLER HOME:

169 Lake Morton Drive • Lakeland, Florida • Telephone: Mutual 2-6141

Statement by

JAMES C. MORTON

President, Rose Keller Branch

THIS HOME in its continued service to needy children gives lasting testimony to the love and kindness of the Doctors Keller, who made it possible by the generous gift of their lovely home on Lake Morton at Lakeland.

The new Rose Keller Home, fronting Lake Morton on a site adjacent to the original home, combines beauty, safety and practical homelike accommodation to its youthful guests and provides the citizens of Polk and adjacent counties with an opportunity for loving giving, in which every dollar and every hour of service is made to return full value.

The Home has space for twenty-five children and staff, and the site is large enough for any future expansion. 76 children received service of some kind by this Division during the year, although not all of them were actually cared for in the Rose Keller Home.

The doctors and dentists of Lakeland give freely of their time and skill in care of our children, and their spiritual and educational requirements are well filled by adjacent churches and schools.

The devotion of the members of the Board and Woman's Advisory Board to the Rose Keller Home and its children might possibly be matched elsewhere but could not possibly be exceeded.

# WESTERN DIVISION

HARRY A. LURTON RECEIVING HOME: 1417 N. 12th Avenue, Pensacola

OFFICE: 311 BRENT BUILDING, PENSACOLA • TELEPHONE: HEMLOCK 8-4190  
MRS. DOROTHY D. LANDIN, *Division Superintendent*

*Statement by*  
RANDALL R. BELL, JR.  
*President, Western Division.*

Serving as President of the Western Division of the Children's Home Society has been the richest and most satisfying experience I have ever known.

The generosity of our many friends, who give so freely for those less fortunate, can only be described as amazing. Visitors from other areas, engaged in similar work, are overwhelmed by the support given by our citizens. The Harry A. Lurton Receiving Home has a unique place in the hearts of the people of this area. Members of the Board and Woman's

Advisory Board fill the role of aunts and uncles to the children. For example, one of the Board members, Sidney Levy, who recently passed to his reward, used to visit the Home every week, bringing his kindly interest and some candy to each child. His interest was so deep that he made provision in his will so these gifts would be continued.

To our most capable staff, the Woman's Advisory Board, Men's Board of Directors, Staff of Physicians and Dentists, and volunteers who render consistently fine service to our children, is due the sincere appreciation of all.

# NORTHEASTERN DIVISION

OFFICE: 3027 SAN DIEGO ROAD, JACKSONVILLE

CHILDREN'S RECEIVING HOME: 3165 SAN DIEGO ROAD,  
JACKSONVILLE

TELEPHONES: OFFICE: EX 8-7525 — RECEIVING HOME: EX 8-1501

The Jacksonville office serves not only the Northeastern Division but also all parts of the State not covered by the Division offices. A total of 448 children received care and service through the state office in Jacksonville. 311 Duval County children were helped in one way or another during the year.

*The President  
of the  
Northeastern  
Division,*

FRANKLIN G. RUSSELL,  
*says:*

"I wish to take this opportunity to thank the good citizens of Duval County who through their contributions to the Community Chest have helped our Society carry on its greatly needed work for the many children who were referred to the Northeastern Division for aid and care during 1954.

"With Dr. Thomas M. Palmer as our fine Chief of Staff, the Staff of Physicians and Dentists has performed a wonderful service for scores of children during the past year. We can never fully express our gratitude for what this generous aid means to us. I would also like to pay tribute to and say a word of appreciation for the untiring efforts of our loyal and efficient staff of workers. Many other individuals and groups who have taken a particularly active part in supporting our work deserve special mention. As space will not permit, I will only say to all who helped in any way: We are deeply grateful for your interest and help.

"Under the dedicated and inspiring leadership of our new Executive Director, we are looking forward to a year of even greater service to the many children who need our care."

# WHAT ADOPTIVE PARENTS

*Below are excerpts from a few of the many*

✂ "We are simply delighted with our boy. We have all adjusted to one another with surprising ease, and really feel like a family already. We think you really did a wonderful job of matching us with D—."

✂ "You might tell A's boarding mother that her little girl is the most beautiful little girl in the world and thanks to her wonderful care in the boarding home has not been one bit of trouble. I won't say that two are not more work than one, but I didn't think it could be so easy . . . I want to thank you again for all your kindnesses. If all parents are as happy with their adopted children as we, you'll never have a worry."

✂ We have enjoyed our visits with Miss M—, and found her to be very pleasant and most helpful . . . Let us take this opportunity to thank you and your staff for the efficient and complete way that you have handled the case. We know that the good work that you do makes for happy placements for the children and the new parents."

# S THINK OF OUR WORK

ilar letters we have received during the year.

✂ "We both want to thank everyone concerned for choosing us as little L's parents. Our friends who have their application in with you now, have been by any number of times and they are so anxious for a baby. I told them that I knew the waiting was hard, but after the waiting is over they will be repaid tenfold. It is worth waiting twice as long to have a son like ours. Thank you again for the time and effort spent in our behalf."

✂ This is our second child that we have adopted and during that time we have come in contact with several social workers. We have yet to find one that we thought was better qualified or handled the situation with any more care than your Mrs. L. I should like to heartily commend her for the fine manner in which she placed D— in our home."

✂ "For three weeks now we have been trying to think of words that could express our real thanks for the lovely little girl you have placed in our home. She has really filled our hearts with joy and made our home mean so much more to us . . . Your workers all seem so understanding about these childless couples."

THROUGHOUT THE YEARS many of our friends who have passed on have been kind enough to remember the Society in their wills. It is our hope and belief that this generous practice will continue. (See suggested form, inside back cover.)

# Honor Roll

## Bequests Received through 1953

MRS. LEROY C. SMITH, Tangerine

MRS. HARRY M. VOORHIS, Orlando

MRS. EDGAR S. WALKER, Gainesville

Every effort has been made to list the names of our Directors and others officially connected with our work who have passed away during the year. Should any of our readers know of omissions we will be grateful to have them called to our attention for inclusion in the next report.

# MEMORIAL GIFTS

We commend these friends who have aided our homeless and dependent children at the same time that they honored the memory of departed friends or relatives. Since 1940 when 79 such gifts were received by our Society, the idea has spread until memorial gifts for 1954 totaled 1,434 and amounted to \$10,872.28. We are grateful, and hope the idea will continue to spread. The following memorial gifts were received during the year.

A. of Pensacola in lieu of flowers to Ellis Lord who was ill.

## A Very Worthwhile Project

All thanks to the fine women of Melbourne Beach and vicinity who have done so much for our children through the Welfare Committee of the Woman's Club. Since 1907 there has been a group of women in Melbourne Beach who have sewed for our children. The idea has been handed down from one generation to the next and is continuing stronger than ever. In 1954 over 200 beautifully made garments were produced. They were shown at a delightful Exhibition Tea, which has long been an annual affair looked forward to with great anticipation by the many friends of our work in this area. Materials are furnished by funds raised from "silver tea" donations and other contributions. Mrs. William Ross designs and cuts most of the garments herself! No small job! The dresses are real works of art, as much thought is given to combinations of materials and trimmings, and the finishing is all carefully done by hand. You can imagine the delight of the youngsters who are fortunate enough to receive them!
